

GSR
HAND TAP GUIDE

The GSR hand tap guides enable a perpendicular first cut of the tap even with short chamfered taps.
This increases the process reliability and avoids tilting of the tap and thus a waste.
The GSR hand tap guides are made of high-quality die-cast zinc.

TYPE1: FOR TAPS ACCORDING TO DIN352/DIN2181

Art.No.	Model	for tap size
1100101010001	NO.1	M3
1100101010002	NO.2	M4
1100101010003	NO.3	M5
1100101010004	NO.4	M6
1100101010005	NO.5	M8
1100101010006	NO.6	M10
1100101010007	NO.7	M12

TYPE2: FOR TAPS ACCORDING TO ISO529

Art.No.	Model	for tap size
1100201010001	NO.1	M3
1100201010002	NO.2	M4
1100201010003	NO.3	M5
1100201010004	NO.4	M6
1100201010005	NO.5	M8
1100201010006	NO.6	M10
1100201010007	NO.7	M12
